

Ability to drill down & open a second report

The reports can now be setup to drill down & open a second report.

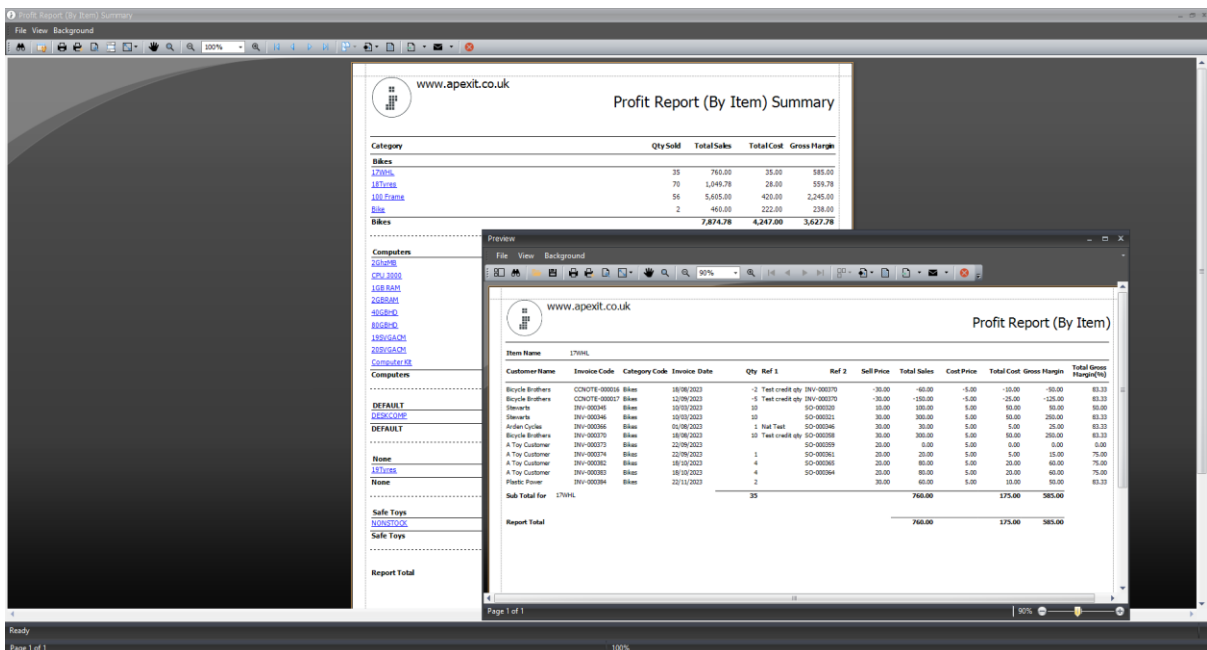

In this example a Profit Report (By Category) Summary has a hyperlink on the category field. By selecting this, this will open, separately in a new window, the Profit Report By Category/Item showing the details behind the figures.

The screenshot shows a web browser window displaying a Profit Report (By Category) Summary. The main report is titled "Profit Report (By Category) Summary" and shows a table with columns for Category, Total Sales, Total Cost, and Gross Margin. The categories listed are Bikes, Computers, Home, and Safe Toys. A "Report Total" row shows a Total Sales of 59,298.73, Total Cost of 45,668.13, and Gross Margin of 13,430.60.

A preview window is open over the "Bikes" category, showing a "Profit Report (By Category / By Item)" summary. This summary table lists items such as "A Toy Customer", "Amen Cycle", "Amen Cycle", "A Toy Customer", "A Toy Customer", "Amen Cycle", "Amen Cycle", and "A Toy Customer". It includes columns for Item Name, Invoice Code, Invoice Date, Qty, Ref 1, Ref 2, Sell Price, Total Sales, Cost Price, Total Cost, Gross Margin, and Total Gross Margin(%).

A profit report Summary (By Item) works in the same way. Select the Item Name from the hyperlink in the report & this will open the Profit Report (By Item) in this example, which its set to link to.
