

## Update Supplier Base Cost Price

### System Manager – Multi Currency

There is a new option in multi-currency to allow the recalculation of the supplier base cost based on the exchange rate.

interprise suite™

## Update Supplier Base Cost Price

Looking at the Item for Bullets, the supplier cost price is currently \$3 The base value for this is currently £2 ( $3 / 1.5 = 2$ )

| Supplier Name     | Default UM | UM Qty | Priority                            | Min  | Max           | Supplier Cost Price | Base Cost Price |
|-------------------|------------|--------|-------------------------------------|------|---------------|---------------------|-----------------|
| A US Supplier Inc | EACH       | 1.00   | <input checked="" type="checkbox"/> | 0.01 | 99,999,999.00 | \$ 3.00             | £ 2.00          |

Changing the exchange rate to 1.25 Saving the form & updating the supplier base currency this will recalculate the relevant items for this currency only.

Exchange Rate: 1.25
